Your Cabal:

By default there are about 5 in the Cabal, you don't control them and they don't control you. You're pretty close in your outlooks on the world, but not everything lines up completely. This is a small cabal, with weak magic.

Pick up to two of these:

- You actually are in charge, or at least you founded it. Add the tag +loyal
- There's more than just a couple of you, maybe 10 or more.
 Medium cabal.
- You're part of a larger system, you're just one node in the leylines. Add the tag +support
- Your cabal is strong of will. Drop weak magic
- Your cabal is very close. Add the tag +family

And pick one of these:

- Your cabal doesn't keep a super low profile. Vulnerable: Target
- Your cabal owes something to someone, money, allegiance, an artifact, or the like. Vulnerable: Obligation
- Your cabal is anonymous and guarded about their identities.
 Vulnerable: Infiltration

Starting Gear:

- 1 Savings
- Choose a method of communicating with your cabal: A fresh batch of pre-programmed burner phones, with important numbers on speed dial; A stone that glows and heats up when you're being summoned(?); A (flavorful) crystal ball.
- Choose a source of information: An ancient spellbook, passed down through the cabal; A library of broad strokes esoterica; Accounts on the leading magical webforums, such as they are.
- Choose a tool you hope to never have to use: A well maintained firearm; A well stocked first aid kit; Nonperishable food to last one person two months; The number of the best defense lawyer in town.

In a world where mages are solitary islands of power, shaping reality in loneliness, you have a group of people who understand you.
